FALCON LOGISTICS

Falcon Logistics - Service Overview 2026

Issued by: Falcon Logistics SAS (fictional supplier)
Fictional supplier document, created for a portfolio demonstration.

About Falcon Logistics

Falcon Logistics SAS is a road freight and warehousing company founded in 2004. It operates 120 trucks and two warehouses, in Lyon and Lille, and serves industrial customers in France and the Benelux countries.

Our services

- Full and part truckload transport, with next-day delivery between our main hubs.
- Cross-docking and storage of pallets in our warehouses.
- Real-time shipment tracking in the Falcon customer portal.

Quality and certifications

Falcon Logistics is certified to ISO 9001 and holds a transport licence for hazardous goods (ADR). Our on-time delivery rate was 98% in 2025, according to our internal measurements.
